## Airtame

Airtame offers a wireless screen sharing and collaboration platform that allows users to instantly display content from any personal device to any shared screen. The platform is used to promote interactivity and collaboration in meetings, presentations and classroom settings, as well as for digital signage in retail stores, corporate environments, conference facilities, hotels, and other venues.

## Collaboration

An entry level complete collaboration bundle. Ideal for every meeting room in the office.

Choose the wall mount fixed version or the mobile version with trolley to move the solution into different spaces.

Bundles can be adjusted to your specific wishes

Valid while stock lasts

# Videowall

A video wall impresses! A video wall consists of several displays that together form one large image. The bezels of the displays become narrower and narrower so that the whole looks visually like 1 large display.

**SAMSUNG**

# Samsung & Vogel's

+ 4X

**2X2**

- 4x Samsung UD46E-B

+ 9X

**3X3**

- 9x Samsung UD46E-B
- 9x Vogel's PFW 6870 pop-out

**Bundle discount 26%**

Valid while stock lasts

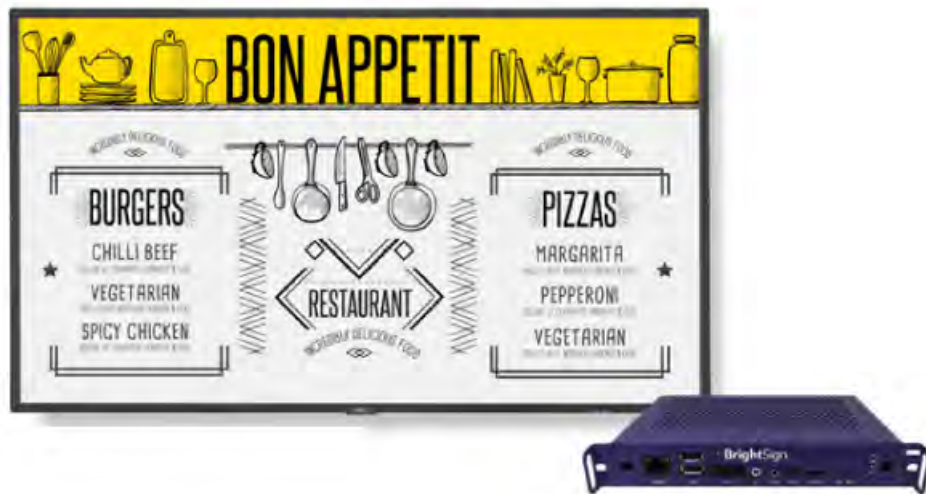

# Digital Signage

By making smart use of displays at the places where the message has the maximum impact, the target group is reached. Professional displays allow you to communicate and respond to the desired target groups at the right time in a very targeted way. Dynamic information provision, that's what Digital Signage stands for.

**NEC**  
**BrightSign®**

# NEC & BrightSign

## NEC V-series Large format displays with BrightSign Digital Signage Player

Benefit from effective digital signage solutions with the NEC BrightSign bundle, allowing you to focus on what matters most - getting back to business!
